

LAR Captain Jack Sparrow

(Pirate), is an 9 year old 13.1 hands Welsh Pony. Pirate has an unknown history before coming to LAR, besides that he

spent his life unbroken, untouched in a field. He is a sweet pony who loves attention (if you can catch him) and is brave as can be.

Pirate has started giving English lessons to students and has a GREAT e-brake and will stop to catch his kid if they fall off balance or get too far forward.

He has beautiful, flowing movement that looks and rides more like a horse than a pony.

He has his leads most of the time, has brakes and started his jumping career. Pirate went to a local schooling show and jumped the 18" hunter courses.

It was only his third time jumping a course and first time seeing flower boxes. He won both his over fences classes!

Plans for Pirate are to continue his education in jumping, both hunter/jumpers and cross country. He will be a part of the lesson program and available

for kids to show and lease. Ideally, I would LOVE to see a little girl (or boy!) lease him out to learn eventing with, as he has the movements and attitude

to do this well. He would do great with his "own" kid.

****Ask about leasing options!****
