

Sweet Winter Moon

(Sweetie), is a registered American Paint Horse mare. She was born in 2000 and has been owned by Lauren Schiller since she was 18 months old.

She has done a little bit of everything in her life, but her major career was as a barrel horse and other speed events. She was a 1-D horse who won MANY jackpots and lots of money. She used to fox hunt in CT and at one point could jump up to 5'. She did extreme cowboy racing for a couple years, winning money in that as well.

Over a decade of running barrels began to take its toll on her mind and it was decided in 2014 to fully retire her from barrels. She then transferred to jumping, where she won year end 2015 KHJA 2' Jumpers Champion and the 2016 KHJA 2'6" Jumpers Reserve Champion.

Sweetie had a major injury in 2017 that put her out of commission for the majority of the season. She is now back to full work and focusing mainly on her dressage, as well as giving lessons to her little kids.
